Baron E

ELECTRIC

TECHNICAL CARD

ELECTRIC DRYER

KEY FEATURES

- Ease of assembly
- Classic design
- Guaranteed high quality
- Enables drying fabrics after heating season
- Simple operation and smooth adjustment of heating element

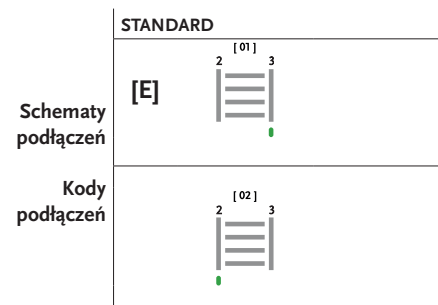

As standard supplied in white with an electric heater according to the table connected in position 01
[see connection diagram]

Type:	BARON E - suszarka elektryczna
Material:	Stal niskowęglowa, niestopowa
Construction:	Rury profil Ø 20 Kolektor profil D 40 x 30
Surface finishing:	Standard color: white [01]

ELECTRIC HEATER

Power:	230 VAC, 50 Hz
Housing protection degree:	IPx 1
Heater connection	½"
Work environment:	water
Work temperature	from 0 up to 65 °C

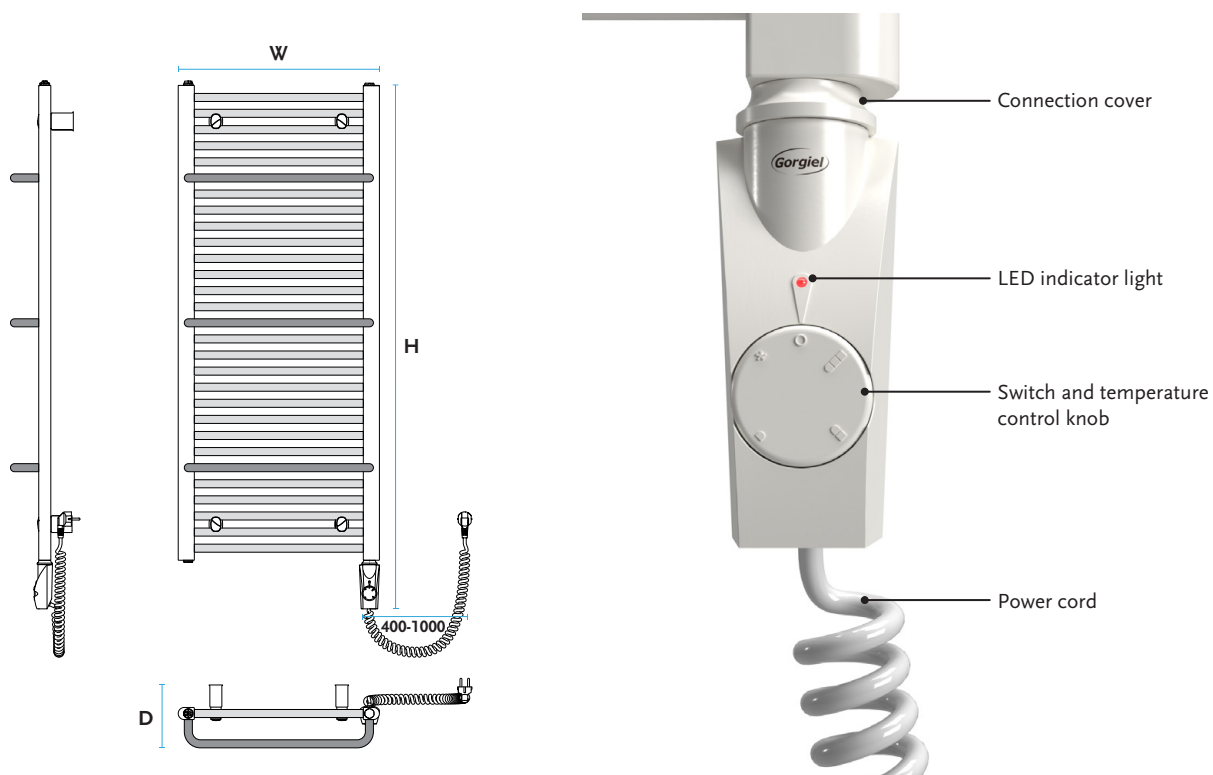

2 - odpowietrznik ½"
3 - korek ½"

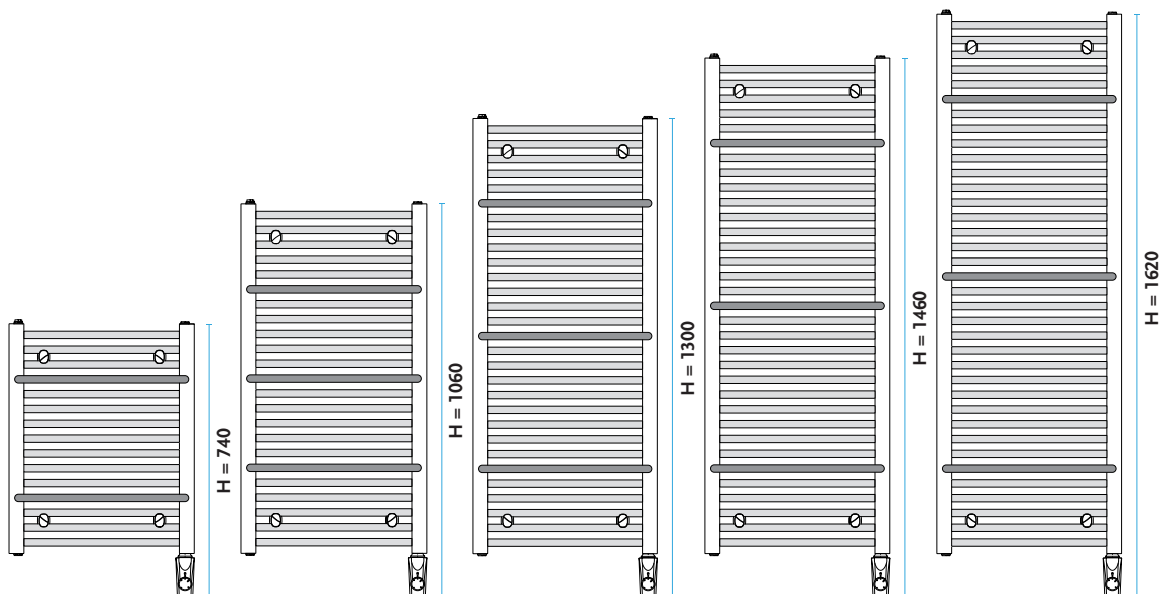

THE ELECTRIC HEATER FUNCTIONS

1. Smooth temperature control from 10°C to 65°C
2. Antifreeze function "antifreez"
3. Allows to Dry fabrics after heating season
4. 4 levels of temperature setting
